Hon. F. M. MacPherson,
Minister of Public Works,
Parliament Buildings,
Victoria, B. C.

Dear Mr. MacPherson:

Last year your department was good enough to do a little work on the road into the Y.M.C.A. camp at Glinz Lake. The winter rain has done a little damage to the road again and some work requires to be done to put it in reasonable condition for purposes of our summer camping season. There is one stretch of road approaching the water main which is pretty steep and has suffered a good deal from the running water during the winter season.

The Y.M.C.A. camp opens on July 2nd and I hope it will be possible for you to put a few men to work on the road before that time to put it in passable condition.

Yours truly,

W. T. Straith
